FACE PRODUCTIONS

ABOUT US

Face Productions is a stage school, production company, and talent management agency. We offer students aged 10 – 25 training and experience within the performing arts as well as developing the necessary skills to join professional full-time performing arts programmes worldwide. At Face Academy we provide a safe space for students to develop their self-confidence and individuality, both as a performer and as a young person getting ready to take on the world.

PRODUCTION COMPANY

Face Productions presents a major, professional-standard musical theatre show every year. During the year, we also produce smaller shows, as well as digital content including music videos and studio recordings.

STAGE SCHOOL

Face Academy provides intensive, audition-only training to skilled performers aged 10 to 25. Face Academy students perform in our major, professional-standard annual musical, as well as at smaller public events and showcases throughout the year. Face Dance, Face Drama, and Face Voice are additional programmes for dancers, actors and singers looking to hone specific skills in those areas outside of Face Academy's musical theatre training.

TALENT AGENCY

Face Productions Talent Management brings a diverse pool of talent to Hong Kong's entertainment and modelling industry. We pair talent with casting professionals, providing opportunities for young performers and models to gain experience, launch careers in the spotlight, and shine.

NEW YORK SUMMER PROGRAMME

For the first time ever, Face Productions will be hitting Broadway! Come with us on this once-in-a-lifetime opportunity as we explore the heart of New York's theatre land. You can expect workshops led by industry professionals and tours of institutes that have some pretty impressive alumni. Why not check out some of the worlds most iconic landmarks along the way? For any avid performing arts student or musical theatre fanatic, this is one trip that is not to be missed!

WHAT YOU GET

- 24-hour care from Face Productions Teachers
- Full accommodation in central New York
- Three meals per day
- Coach journeys between accommodation, schools and workshops
- A metro card for weekend and evening activities
- Seats at four Broadway Shows
- The chance to meet, live and rehearse with students from all over the world
- Exclusive workshops and training at world-renowned theatre schools such as Stella Adler, AMDA and Broadway Dance Center
- Tours of top New York drama schools and universities
- The chance to meet industry professionals
- Experience one of the greatest theatre scenes in the world
- Two-weeks immersed in the culture and history of New York

- International exposure to the Performing Arts
- Meet industry professionals
- Experience a new culture
- Critical thinking
- Creativity
- Organisation skills
- Allow students to express their thoughts, emotions, and ideas in a meaningful way
- build fantastic memories

TESTIMONIALS FROM OUR LONDON PROGRAMME

KEISHA BUCKLAND 17

I really enjoyed Face's London Summer Camp as I had the opportunity to spend time and get to know so many talented people and form great friendships. The activities were super fun, especially some of the school tours. I specifically loved visiting Urdang Academy and getting a feel of the university experience, especially as a student that will be applying this year.

LUCCA FANCY 12

The London summer program was an amazing experience. We did so many workshops that taught us about acting as a job and as a musical actor. They taught us about agents and taught us about auditions and how to improve and develop new techniques. It was super fun learning the different dances in Heathers, Hamilton and Hairspray and meeting actual people who were in the West end shows. Overall, it was an amazing opportunity to learn and experience what it is like in show business.

NATALIE WAN 13

I loved meeting new people and becoming close friends with them during the trip. The programme also gave us the opportunity to participate in professional workshops and classes, which I really enjoyed!

JACOB WONG 16

My time in the London summer camp quickly became one of my best summer memories due to both the activities, but most importantly the people that I met. The summer London camp with both educational yet was the best fun I had in a while. The mixtures of all kinds of performing activities greatly opened my eyes to many different worlds within performing arts and let me gain advice from many different professionals within the industry. My favorite part of the trip was the week-long preparation for a show in His Majesty's theater, the home for POTO. It was truly a unique experience and really improved me as a performer. Finally, the friends I've made traveling alongside with has forged a truly unbreakable bond and added the cherries on top for this unforgettable experience.

RYDER SAVIO 13

The FACE London summer program was an amazing experience for me! I absolutely loved meeting new people and creating memories. It was great to explore London since I had never been there before, while at the same time learning about different performing art schools and taking master classes for acting, dancing, and singing. I also really enjoyed watching live shows on the west end! Also taking part in West End Stage camp was really fun! I really enjoyed performing live on the west end and participating in the rehearsals. It was an amazing experience that I will remember forever!
